GRADESCHOOL

Proposition To Establish One For Crofton Won Tuesday.

The Graded School proposition in Crofton carried Tuesday in a hot election by a majority of 33 votes. There were 148 votes for and 115 against the proposition.

The following trustees were elected: L. D. Burkholder, D. T. Cranor, C. M. Gray, T. L. Jones and E. W. Pratt, Sr.

The contest was a hard fought one and the people of Crofton are to be congratulated on their wisdom in taking this advance step.

NEW TRIAL

For Bud Word, Convicted of Manslaughter.

In a decision handed down by the Kentucky Court of Appeals last Wednesday Bud Word, the negro convicted of manslaughter in this county last summer, was granted a new trial on the grounds that improper testimony had been admitted in the trial of the case before Judge Hanbery. Word's victim was a colored man by the name of Jim White. Word received an indeterminate sentence of two to twenty-one years.

Mrs. Mary Lizzie Givens, of Muskogee, Okla., is visiting Mrs. M. C. Forbes.

HELD OVER
UNDER BONDThe Examining Trial Of Officer
K. H. Keach Was Held
Thursday.

MANY WITNESSES HEARD.

Synopsis Of Testimony Given
By The Principal
Witnesses.

More than usual interest was attached to the examining trial of policeman K. H. Keach on the charge of manslaughter, which was called by Judge Walter Knight last Thursday morning. So great was the crowd that the examination had to be held in the Circuit Court room. The room was about three-fourths full, the colored population slightly predominating.

Eph Gunn, a well known colored man, was shot by the officer a little before six o'clock Saturday night, last.

The prosecution was conducted by county Attorney John C. Duffy. The defense was represented by attorneys Judge C. H. Bush and G. W. Southall. The prosecution called as witnesses: Capt. John R. Green, Attorney John B. Russell, W. H. Forbes, Capt. A. G. Chapman, Sol Mayes, Mary Byars, Sandy Cunningham and deputy Circuit Clerk George Lackey. The defense called as witnesses: T. S. Winfree, David Merritt, George Merritt, Dr. Perkins, George Walker, James Cliborne, W. D. Carter and George Bradley.

The first witness examined was Capt. John R. Green, who stated that he was on his Southern porch at the time of the shooting. While in his sitting room he was told by a member of his family that "it was still raining" and he arose and went out on the porch. Just after going out he heard loud talking across the street at the intersection of Main and Fourteenth streets. It was a very dark night, said Capt. Green, and the arc street light was so poor, if it shone at all, that he could not tell who the men were or whether they were white or black. The talking became more earnest and louder and in a few minutes he heard a pistol shot. Then everything was quiet and taking a circuitous route across Main street to avoid deep water, he reached the corner and found a man he supposed dead lying prone on the crossing.

Before the shot was heard he could distinguish very few words that the man said. He heard one of them say very distinctly, "I am on my way home. Let me go home—I am going home right away." Then he heard the other man say, "You are going with me." Then the first speaker said, "No I am not going with you."

Capt. Green said the night was so intensely dark that if anyone had used a "billie" or if there was a scuffle he could not see it.

When he reached the man who was shot he asked the other question, "Did you shoot that man?" The answer was, "Yes." Capt. Green asked why he did it, when Keach (who was unknown to him) replied "I had to shoot him to protect myself. I want to give myself up."

Capt. Green then had George Lackey, who had come up, to go to his (Green's) house and call Dr. Perkins and then the police.

Will Forbes was next called, but being "at the grocery, he knew nothing about it." He was excused.

Capt. A. G. Chapman was called. He heard talking across the street but paid really no attention to it until the tones of the voices were pitched on a louder and more emphatic key. Then he listened more intently but the only word he positively distinguished was "home." Then quickly came to his ears what sounded like a man violently slapping another

PENNYROYAL FAIR.

Committee Had Most Enthusiastic Meeting Thursday.

One of the most active men on the committee soliciting subscriptions for the Pennyroyal Fair stated that the meeting held last Thursday was one of the best attended and most enthusiastic yet held. The amount yet to be secured in the way of subscriptions is only \$2,500 and there is no reason why that amount should not be easily procured by the time the committee meets on the 4th day of February.

Christian county needs the fair. The farmers will be the real beneficiaries. To keep up with the progress of the time we must have it. If other counties, less progressive than Christian, have found them profitable in every way why should not our own county? The farmers owe it to themselves to make the fair a go. If the county will do its part the city will do its part. Can anybody successfully disprove the above assertion?

In the face, and then a pistol shot. He could not see who the men were or what they were doing. He did not know Keach when he saw him on the streets, and that night did not know the defendant was an officer. When he reached the fallen man the other was bending over him, as he supposed to examine him.

John B. Russell examined. He was at Mr. Tom Jones' corner (one square North) when he heard a pistol shot. He went in the direction of the shot. Found that Capt. Chapman, A. H. Eckels and others were there. Had no acquaintance with Keach. Did not see anything of a policeman's "billie." He stooped down and talked to Gunn. To his question, "Eph, are you going to die?" the reply was, "I am about done for." Mr. Russell stated to the court that he had reduced to writing the statement of Gunn to him before he left.

Constable Thos. S. Winfree, the leading witness for the defense, examined. I was in front of the residence of Mrs. E. W. Henderson. Heard the two men talking. I had my hat pulled down over my eyes. The night was very dark. Saw Gunn take the billie from Keach and saw the billie raised, but could not tell whether it was raised as if to strike or whether it was up from the force of jerking it away from the policeman. I took charge of Keach and brought him down to the Judge's office and telephoned him and Mr. Duffy to come down.

After hearing the other witnesses Judge Bush and Attorney Southall made their speeches in behalf of the defendant. Court then adjourned until after dinner, when County Attorney Duffy made his argument. Judge Knight then held Keach over to the February grand jury and demanded a renewal of the \$2,000 bond, which was complied with.

Following is the substance of the statement made by Gunn to County Attorney Duffy last Sunday, which has already been published:

He said he was on his way to J. E. Byars' residence after his wife to take her home when he was approached by a man who asked him where he was going and told him he was drunk. He said he told the man he was not drunk and he denied that he seized the policeman's stick or that he struck at him, and claimed the shot quickly followed a blow which he received on the head.

Gunn died Monday morning about 7 o'clock. His funeral, which was largely attended, took place from the Main street colored Baptist church, of which he was an officer, Wednesday afternoon.

Where's Kitty?

Just at this time "Kitty wants a corner" on some good players—players that will draw. If she doesn't corner the market on good material this year the league will be as dead as a cat that has lost the last of its nine lives. People who pay to see ball want the game played as it should be, and when a man gets huffy at the manager and acts like a boob he ought to be turned loose.

Work Being Done at

DAVIS MEMORIAL HOME.

Catalpa Trees For The Davis
Highway Will Arrive In
Spring.

The commission appointed by the Governor, of which Gen. Bennett H. Young is chairman, is now at work commencing the improvements. We are building a beautiful stone wall 34 feet high to enclose the 19 acres, with decorated memorial gates and driveways. We are doing this with money appropriated by the last assembly. We have about \$17,000 with which to commence the memorial monument to President Davis and have beautiful plans to carry out, and work will be begun in earnest in the spring. Good work is being done on the Jefferson Davis Highway from Mammoth Cave to Hopkinsville. Much of the pike from the Cave to Lincoln Park is made, which when completed will give a pike from Davis Park to Lincoln Park. Gen. Young pledges 50,000 catalpa trees for the roadway. We will commence in April distributing them from Hopkinsville to Fairview. When the young trees arrive they will be given to the Magistrates for distribution. They will be set 50 feet apart on a line each side of the pike. When the trees get here the residents along the way will be asked to send their wagons for them. Both Christian and Todd counties claim the honor of being the birthplace of Jefferson Davis. The fact is that Jefferson Davis was born in Christian county in 1807. At that time Todd was Christian county, afterwards cut off. The church stands on the exact spot where the house stood, at the edge of the Park.

Col. B. H. Young, Dr. E. S. Stewart, Capt. S. A. Cunningham, Nashville, Capt. John H. Leathers, of Louisville and Charles F. Jarrett, of Hopkinsville, are the Commissioners. We are getting contributions from every State in the union—North and South, every day. Christian and Todd counties have done nobly as counties. We have seven hundred subscriptions.

Now, it is time to wake up. People are wanting to know what we doing. The Fiscal Courts will be called on in the spring. We expect at least \$2,000 from each county. Let us see who will head the list, Christian or Todd.

Individual subscriptions as small as one dollar will be received by Charles F. Jarrett and forwarded to Capt. Leathers, treasurer, and a receipt sent. We have had some gifts from Federal soldiers, just as the Lincoln Memorial had by Southern soldiers. The war is over. We want coming generations to see and know what we thought of the great leaders.

If we accomplish what we hope and aim for now, in a few years Fairview will be one of the show-places of the State and Hopkinsville will be the gateway to the park. Let every citizen of the county uphold the Fiscal Court in anything it may give, and all get interested in the planting of the trees.

Salmon "Don't Know."

State Senator R. M. Salmon, of Madisonville, who was in Frankfort yesterday, did not seem inclined to discuss politics when seen at the Seelbach Hotel last night. He admitted finally that he does not know whether he will announce again for the senatorship. "Don't know," he said, "but you can say that one thing is sure, if I ran I will win." AGED TOBACCONIST

Kills Himself Because He Is
Short Of Funds.

Clarksville, Tenn., January 15.—Thomas Harvey, a prominent tobaccoist, committed suicide at an early hour yesterday by drinking poison. Mr. Harvey for a few days past had been low spirited, as he stated to friends, because he feared he would be unable to meet a premium soon due on an insurance policy. Monday afternoon he told two of his friends that he preferred death to a failure to meet his payment and had thought of killing himself. These friends joked over the affair and left him late in the evening, believing he would think no more of the matter. He retired for the night and drank poison, which soon did its work. Mr. Harvey was 72 years old and had been a resident of Clarksville more than forty years, being all the time in the tobacco business, in which he made a good deal of money for many years. He is survived by a wife and one son, the son being a resident of Covington, Ky.

Kincheloe, who has announced that he will run for Congress in the event that Owsley Stanley makes the United States senatorial race, supported Senator Salmon in everything that the Senator said. Mr. Kincheloe was in Frankfort yesterday, casting the Second District's electoral vote for Woodrow Wilson. Both down-State men will go home this morning.—Louisville Herald, January 14

Foul Play Suspected.

Earlington, Ky., Jan. 15.—John Newman, formerly a cook of this city, was found dead at Dam 48 near Henderson, Ky., Monday. It is supposed that he had met with foul play. His body was almost unrecognizable, as it had the appearance of being burnt and had been eaten by birds of prey. He moved from here to Madisonville.

EMBEZZLEMENT

Chaaage Against a Former Re-
publican Office Holder.

Frankfort, Ky., Jan. 15.—Lee A. Hampton, deputy commissioner under former Insurance Commissioner C. W. Bell, was indicted by the grand jury here on five counts, charging him with "unlawfully and feloniously converting to his own use, money belonging to the state of Kentucky." Hampton is a nephew of F. P. James, former state auditor, who appointed him to the position in the insurance department. The indictment charges him with taking sums aggregating about \$1,000. His present whereabouts are unknown, and it is believed he is out of the state.

ORDER STANDS

Democratic House Sustains
President Taft's P. O. Order.

Washington, Jan. 16.—An attempt to revoke President Taft's recent order placing fourth-class postmasters under the classified civil service and to remove from classification assistant postmasters and clerks in first and second-class postoffices by an amendment to the postoffice appropriation bill, failed in the house Tuesday by 141 to 108. The republicans voted practically solid against the amendment and they were joined by many democrats.

Park Fence Down.

The recent flood in Little River tore down about 400 or 500 feet of the high plank fence around the Baseball park. The fence was flattened out on the ground but was not washed away. The damage was done to both sides in the bend of the river.

WARNED TO
GO SLOWTobacco Pool May Be Held To

"Corners."

POOLING TOBACCO CROPS.

In Danger of Being Decided a
Violation of the Anti-
Trust Law.

Washington, Jan. 17.—Until congress by special act exempts from the criminal restrictions of the Sherman law "corners" in farm products, like the Kentucky tobacco pools, lawyers in the Kentucky delegation here believe the poolers should proceed with caution. They have been studying the decision of the supreme court last Monday in the Patten cotton corner case, and have reached the conclusion that since corners are commodities have been declared a violation of the Sherman law, the Kentucky Farmers had best go slow.

The court specifically said that corners purely in characters were exempt from the provisions of the Sherman law. Therefore, if the Burley Pool in central Kentucky, the Green River pool and dark tobacco combinations entirely do away with their connections in Ohio, Indiana and Tennessee, they have nothing to fear, in the opinion of lawyers.

In the meantime, alarmed by the attitude of the supreme court, Representative J. C. Cantrill, author of tobacco census act, will press his bill specifically exempting farm produce pools from the operations of the criminal section of the Sherman law.

The bill provides that such pools as the Kentucky growers combination shall be free of the anti-trust law operation even when interstate. Mr. Cantrill will ask the next Democratic caucus to endorse it, and after he has pointed out what he considers to be the peril of the farmers' pool, he believes that the caucus will rush his message through the house. Senator Bradley, if the house acts soon, will be asked to press the matter in the senate.

GAME WARDEN

To Be Appointed At Once For
This County.

S. W. Linebaugh, special agent of the State Game and Fish Commission, was in Hopkinsville this week looking after matters connected with that department and up to this time Christian county has had no game warden, but one will be appointed at once.

"There is as live and progressive a lot of sportsmen in Hopkinsville as anywhere in the State and Mr. Linebaugh says he finds a strong sentiment in favor of game and fish protection and the rigid enforcement of the law," in speaking of the matter to the Kentuckian. "I was a little surprised to find, however, that only five hunters' licenses had been issued for the present year in this county. In other words, in all of Christian county there are but five persons who can hunt legally except on their own or adjoining lands."

It will be the duty of the warden, among other things to see that all hunters have license. Violators of this law are subject to a fine of \$50 to \$200, so it may be rather expensive to some of our Nimrods who fail to buy a dollar license.

BAPTIST REVIVAL

Additions Now Nearly Amount
to Forty—Interest
Continues.

The revival at the Baptist church continues to draw great crowds every night and the afternoon attendance is good.

Eight of the new converts were baptized Thursday afternoon.

Thursday night Dr. Porter preached on the conversion of the Phillippian Jailer and at the conclusion of his sermon County Jailor A. E. Mullins accepted the invitation to unite with the church. His wife and daughter had already joined.

The usual services will be held Sunday, also a big mass meeting at 3 o'clock p. m.

THOSE LOST DIAMONDS

May Yet Be Found, Asserts Attorney For Mrs. Gaylord.

A dispatch sent out from Louisville last Thursday said that Mrs. Gaylord's lawyer has stated the jewelry sued for is in the vaults of the Fidelity and Trust Co. When the suit of Mrs. Gaylord against her daughter, Mrs. Elsie Latham, was filed and Mrs. Latham was ordered by the court to produce the jewelry, valued at \$20,000, Mrs. Latham told the officer that she did not have it in her possession. Thursday's dispatch said that Mrs. Latham would give bond for the jewelry after it had been appraised and would keep it in her possession pending litigation.

LATEST STEP

In Suit Filed Against Mrs. Latham by Her Mother.

Louisville, Ky., Jan. 15.—Mrs. Elsie Gaylord Latham, young widow of the late New York banker, was summoned to appear in circuit court Thursday to explain the whereabouts of \$20,000 worth of jewels which her mother, Mrs. Gaylord, claims she unlawfully holds.

When a deputy sheriff presented Mrs. Latham with an order of delivery she stated that the jewelry was not in her possession.

LOSS BY FIRE

Sustained by Professor King and Wife.

Mr. and Mrs. R. S. King, who now reside in Lineville, Ala., had the misfortune to lose all their household goods, clothing, etc., by fire a few days ago. Mrs. King was formerly Miss Nellie Hille, daughter of Mrs. F. C. Hille, of this city. They had just gone to housekeeping when the fire occurred. Nothing was saved, except one trunk containing some silverware and wearing apparel belonging to Mrs. King. The loss is about \$500.

Prof. King recently located at Lineville, where he has charge of the mathematical department of the Alabama State school.

FATAL BURNS

Sustained By A Colored Child Near Gracey.

Cornelia Mason, a colored orphan child living with her uncle, Jeff Mason, near Gracey, was burned to death Wednesday. Her clothing caught from a grate and was all burned off. Practically all of the skin on her body was burned, except on one leg. Dr. D. E. Bell went to her assistance and dressed the burns, but the child died the next morning. One peculiarity of the case was that she, apparently, suffered no pain from the burns.

Women Avoid Operations

When a woman suffering from some form of feminine disorder is told that an operation is necessary, it of course frightens her.

The very thought of the hospital operating table and the surgeon's knife strikes terror to her heart, and no wonder. It is quite true that some of these troubles may reach a stage where an operation is the only resource, but thousands of women have avoided the necessity of an operation by taking Lydia E. Pinkham's Vegetable Compound. This fact is attested by the grateful letters they write to us after their health has been restored.

These Two Women Prove Our Claim.

Cary, Maine.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."

—Mrs. HAYWARD SOWERS, Cary, Me.

Charlotte, N. C.—"I was in bad health for two years, with pains in both sides and was very nervous. If I even lifted a chair it would cause a hemorrhage. I had a growth which the doctor said was a tumor and I never would get well unless I had an operation. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, and I gladly say that I am now enjoying fine health and am the mother of a nice baby girl. You can use this letter to help other suffering women."—Mrs. ROSA SIMS, 16 Wyona St., Charlotte, N. C.

Now answer this question if you can. Why should a woman submit to a surgical operation without first giving Lydia E. Pinkham's Vegetable Compound a trial? You know that it has saved many others—why should it fail in your case?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

CAMILLE SUBSTITUTED

For La Tosca at the Rex, But La Tosca Comes Next Week.

The biggest crowds since the opening of the Rex, probably went out last Thursday. Sarah Bernhard the great French actress was advertised to be seen in "La Tosca," but owing to flood the films were delayed. But habitues of the picture shows had something just as good in "Camille." During the afternoon and night the auditorium was packed from entrance to stage. The college girls were out in force; the crowd numbered many persons who are rarely seen at entertainments of any kind. Another double reel film, "The Magdelene," was also shown, the two making as fine a program as anybody could desire.

But the people are again to see Bernhardt in shadow. The management of the Rex expect to be able to present "La Tosca" about next Thursday. We congratulate the Rex on securing such splendid productions.

Purely Personal.

Miss Nell Tandy is visiting in Louisville.

"LIVE WIRES."

Yesterday, Jan. 17, the big sale started at the O. G. Sprouse Co., incorporated. This sale promises to be the greatest sale ever pulled off in Hopkinsville.

This popular firm opened up here just one year ago, in a small way, and since that time their progress and success has been phenomenal. They were new people here and unknown, but their fair and square dealing with the public has brought them to the front, and to-day they have one of the largest cash businesses in the city, and have just completed their annex, and now have one of the most Modern and up-to-date department stores in the country. These people have gone after business in a legitimate way. When they advertise an article in a sale the people know they will get that article just as advertised, and in this way they have built their reputation. Watch the crowd that will attend this sale, and see if this is not correct. Watch them grow.

A PROSPECT

That Fire Insurance in The May be Lowered.

For about two weeks a new insurance man has been here quietly going about carefully examining private residences and outbuilding, leaving behind him the impression that some of the people who own their homes may probably get a reduction in the rate of their fire insurance. It would certainly be welcome news. In an article published a couple of weeks ago, when we called attention to the reduction of insurance rates on farm property, we emphasized the fact that a city having almost unequalled facilities for fire protection like Hopkinsville has, we ought to have cheaper rates, and now we hope we will get them.

House Burned.

A dwelling house on the Madisonville road, just beyond the city limits, occupied by a colored family, was destroyed by fire Wednesday morning.

ANOTHER PHYSICIAN

Will Shortly Come Here to Take Up His Residence.

As announced in this paper a few weeks since, Dr. Rozzell, of Mayfield, will take up his residence here in the near future. The Doctor, when here last was having additional rooms built and otherwise improving Mrs. Rozzell's home at Seventh and Clay streets with the idea firmly implanted in his brain that Hopkinsville is the best town in Kentucky and he expected to make this his future home.

Commenting on Dr. Rozzell's leaving Mayfield, the Messenger says:

Dr. Rozzell is, perhaps, the best known physician in the county and is exceedingly popular with every one. He has been practicing medicine in Mayfield and the county for a number of years, and has made Mayfield one of its best and most enterprising citizens. He will devote his time in his new home town to the special treatment of ear, eye and nose, instead of doing a general practice of medicine. Before his permanent location there he will go to New York and spend a few months in an infirmary for ear, eye and nose.

MISS LAWSON

Presided at the Piano at the Princess Last Night.

Miss Marguerite Lawson, the accomplished pianist, who returned a few days since from a visit to Cincinnati and Cleveland, Ohio, Frankfort, Indiana, Albany, N. Y., and several other places was at the piano at the Princess Theatre last night. Her renditions were most enjoyable and evidenced the fact that though away from the city, the young musician had lost nothing of her sweetness of touch—even the instrument, if it could talk, would say, "I know you!" Miss Lawson visited the moving picture shows in the different cities and is of the opinion that nowhere can be seen prettier buildings or higher class exhibitions than our own.

YOU CAN MAKE WASHING EASY

There Will Be No After Aches If the Tubs Are Only Placed High Enough.

The washday is often spoken of as "blue Monday" because it is usually a day of hard work followed by days of recovery from such aches as woman thinks her due. Now, it has been definitely proved, says J. Howard Frick, instructor of Medical correction gymnastics in the Samaritan hospital of Germantown, according to the New York Tribune, that washing clothes has nothing to do with making woman feel gloomy, but that the way she does it has all to do with her after health.

The most common complaint of women after a day's washing is the terrible backache which almost compels them to go to bed. This is sometimes followed by headache in the middle of the head and behind the eyes, which often last for days. Now, what is the cause of these after effects? Certainly ordinary work should not entail such sufferings. The whole cause is the position of the woman while working over the tubs. The majority of wash benches are too low and the woman must stoop over while at work. This causes the muscles of the abdomen to relax, which allows the stomach, liver, kidneys, and, in fact, all the organs, to fall forward out of their normal positions, causing the terrible after effects of such work.

The proper position before a tub is a perfectly erect position. Here it is impossible for the abdominal organs to fall out of position, as the abdominal wall is tense, as it should be when in the erect position.

Another point of value in the erect position is the fact that the wringing of the clothes is much easier, since the whole force of the arm can be used without having to exert an effort to keep the erect position.

The lifting of the tubs is an entirely unnecessary labor. When they are not of the stationary kind they can be emptied by means of a siphon.

Cocoanut Candy.

One and a half cupsful of soft pale yellow sugar, half a cupful of dark sugar, two and one-half ounces of desiccated cocoanut, one heaping tablespoonful of butter, a quarter of a teaspoonful of cream of tartar, half a pint of cold water and two ounces of plain fondant. Put in pan the sugar, water and cocoanut and stir and dissolve, adding cream of tartar when it boils. Stir most carefully all the time and boil to 245 degrees F. Work the fondant quite soft and pliable and put it in the batch and mix and stir it until it begins to grain. Pour into buttered tin and when half cold cut in strips and wrap each in wax paper.

Tea Biscuit.

Take two cupsful of sifted pastry flour, two teaspoonfuls of baking powder, one teaspoonful of salt, two tablespoonfuls of butter, two-thirds cupful of milk.

After the flour has been sifted and measured, add baking powder and salt, sift again, then rub butter in with the finger tips. Now with a fork combine this and the milk, neither stir nor knead, just see that ingredients are blended, then take on lightly floured board. With a floured rolling pin roll into a sheet a little more than an inch, cut with small round cutter and bake in greased flat tins.

Autumn Soup.

Cut in thin slices the white parts of four leeks, the same of two heads of celery, and a lettuce; wash and throw them into boiling broth, add a pint of young peas, a little sugar and pepper, two large spoonfuls of flour mixed thinly and smooth. After boiling one and one-half hours put it into the tureen with little "crusts" of bread fried in drippings. The last should be carefully dried in the hot closet so that they shall be crisp and not greasy.

Chocolate Cream Pie.

Here is a chocolate cream pie which everybody likes and it has the merit of being cheap. Into your double boiler put one pint of hot water. Blend together one and one-half cups of sugar, four tablespoonfuls of flour, two of cocoa, butter size of small egg, a pinch of salt and stir into the water. Cook until thick. Cover with a deep pie plate with rich pastry and set another plate inside mixture, cover with whipped cream and sprinkle with chopped nuts.

Worth Knowing.

To get rid of carpet moths scrub the floor with hot water made exceedingly salty before laying the carpet and sprinkle the carpet once a week before sweeping till the pests disappear.

To have gems bake nicely, when filling the gem pans with batter leave one of the cups empty and fill it with water. The gems will not scorch when this method is followed and will brown nicely.

Onion Chowder.

Two large onions, three good-sized potatoes. Slice thin, put into pan with water enough to cook without burning. When soft, mash very fine, leaving water in. Add one pint of milk or more if desired, let come to a boil. Have ready one egg well beaten in serving dish and stir chowder into egg. Season with pepper, salt and butter. Fine for a cold day for luncheon.

To Freshen Cake.

To freshen stale cake, dip it for a second or two in cold milk, and then rebake it in a rather cool oven. It will taste almost like new again.

GILBERT HAD A READY WIT

Famous Author of "The Mikado" Was Never at a Loss for a Retort.

His table talk will not be garnered up in dismal little volumes where the champagne is flat and the lamps burn dim. Brevity was the soul of his wit, says Rowland Gray in the Century. The terrible verdict as to a certain "Hamlet" whose impersonator unwisely asked him to be candid is historical.

"Funny, my dear fellow—funny without being vulgar."

A remark about another conceited player was made to a very limited audience:

"Poor ———! He has all the faults of an actor without the excuse of being one."

A word was enough. He described a sweet old woman, all sloping shoulders and Honiton lace, as "belonging to the early keepsake period." Another, who was being ridiculed for the hideous Middlesex accent, which converted bad weather into a "voil d'y," was gravely defended by him: "She is of ancient lineage; for it is evident she is descended from the Twanglo-Saxons." Of a stout matron in society he remarked: "I like Mrs. A——, but I prefer a woman to be as long as she is broad." Rallied for his admiration of several beauties at once, he retorted, "But surely I am too good to be true," which was unanswerable.

HIDE THE CAMERA IN ITALY

Country Jealously Guards Its Secrets of Defense From the Prying of Tourists.

No country guards the secret of its defenses with such care as Italy. Many an innocent tourist loses his camera through ignorance of the regulations enforced in districts near the French frontier. If you are traveling by train straight through from Modena to Turin you may safely take a camera with you. But should you get out at Bardonecchia, the first station on the Italian side, or at any other station between that and Susa—nineteen miles further on—your camera is confiscated.

Anyone bicycling, motoring or tramping across the frontier with a camera is forced to hand it over, no matter what his destination may be. Of course the camera can be recovered if you return the same way, but it is lost if you leave the country by another route.—New York Telegram.

ANECDOTE OF SHERIDAN.

When Sheridan was in distress in early life one of his recourses was that of writing for the fugitive publications of the day, in which he was materially assisted by his wife, and many years after his entrance into the sphere of politics he was heard to say that "if he had stuck to the law he believed he should have done as much as his friend Tom Erskine; but," continued he, "I had no time for such studies."

"Mrs. Sheridan and myself were often obliged to keep writing for our daily leg or shoulder of mutton; otherwise we should have had no dinner." One of his friends, with whom he conversed thus, wittily replied: "Then I perceive it was a joint concern."

AVOIDING OBSCURITY.

"Your constituents are blaming you for a lot of legislation you never had anything to do with!"

"Let 'em alone," replied Senator Sorghum. "Taking the blame for things he never did has made a man seem more important than he really was."

SURE LEISURE.

"Could you spare the time for an hour's talk?"

"Certainly. My wife has just told me she'd be ready in a minute."

USUAL COURSE.

"A sneak thief grabbed our roll of carpet in the hall."

"What happened?"

"Then he beat it."

THE RESULT.

"Did she pin him down to facts?"

"Yes."

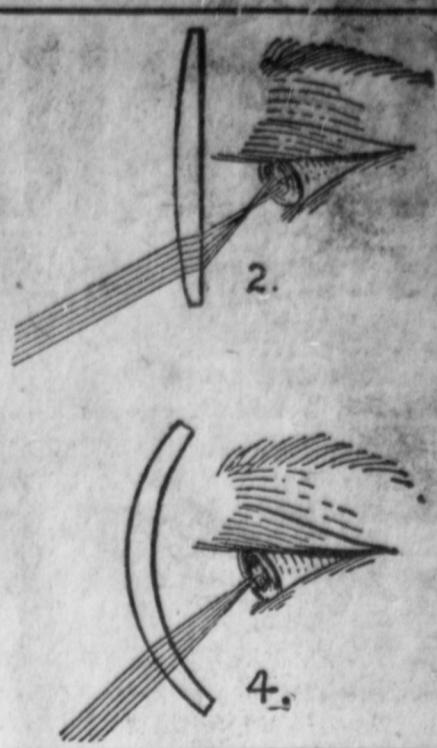

"What happened?"

"He was stuck."

EXTREMELY SO.

"Prizefights are very deleterious in their effect on society."

"I suppose their tendency is somewhat knock-sious."

Old Lady's Sage Advice

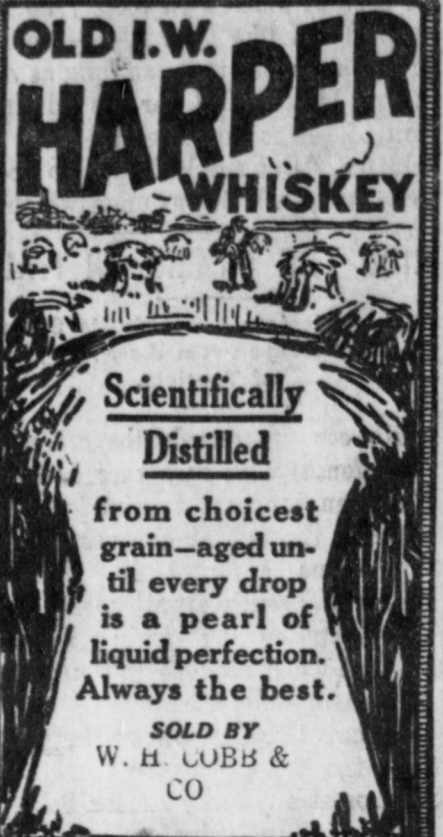

Knoxville, Tenn.—Mrs. Mamie Towe, of 102 W. Main Street, this city, says: "If you had seen me, before I began to take Cardui, you would not think I was the same person. Six doctors failed to do me good, and my friends thought I would die. I could hardly get out of bed or walk. At last an old lady advised me to take Cardui, and now I can go most anywhere." All ailing women need Cardui, as a gentle, refreshing tonic, specially adapted to their peculiar ailments. It is a reliable, vegetable remedy, successfully used for over 50 years. You ought to try it.

DAINTIES FOR COOKY BOX

Cakes and Similar Confections That Will Gladden the Hearts of the Small People.

H O Cakes.—One cup of sugar, one cup of oats, one egg beaten with the sugar, vanilla to taste, handful of raisins. Drop on greased pan about a teaspoon of the mixture. Bake in a slow oven.

Berkshire Cookies.—One cup of molasses, one teaspoon of soda dissolved in half a cup of cold water, a dessert spoon of salt, one teaspoon of melted butter, one teaspoon of ginger, flour enough to roll the thickness of an inch. Bake in a quick oven for about ten minutes.

Chocolate Wafers.—One cup of butter, two cups of sugar, three cups of flour, four eggs, two cups of grated chocolate, one teaspoon of soda, one teaspoon of cream of tartar, a little salt. Roll quite thin and bake in a hot oven.

Crystal Cakes.—One cup of butter, one cup of sugar, three cups of cornstarch, one cup of flour, one heaping teaspoon of baking powder, two eggs, white of one egg, one teaspoon of grated nutmeg. Beat the butter and sugar to a cream, add the eggs, well beaten, then sift in the flour, cornstarch, baking powder and nutmeg. Mix into a nice dough. If too dry add a very little milk. Divide into small pieces, pat them flat, brush them over with the beaten white of an egg and sprinkle over with granulated sugar. Place apart on buttered pans and bake in a moderately warm oven until done.

BLEACHING LINEN IN HOUSE

Good Substitute for Sun and Grass. Which is, of Course, the Best Way of Doing It.

The very best and safest plan for bleaching unbleached linen and cotton is the good old method used in our grandmothers' days of wetting the material thoroughly and spreading it on the clean grass in the full sun that it may do the work. The material is made wet again each time it becomes dry, and after a few days it will have become soft and fine in texture and of a beautiful snowy white, simply through nature's agents. But if time, space and a propitious season are lacking, the best way is to soak the material for over night in a rinsing water containing Javelle water, an ordinary washing fluid, which, judiciously used, does not materially weaken the fibers of clothing while bleaching it very nicely. About a cupful with the rinse water for each tub is ordinarily used and the clothing is left in the rinse water for a longer or shorter time, according to its state.

For your unbleached linens and cottons you might use two cupfuls of Javelle to the tub and let them soak several hours or even over night. Then rinse thoroughly, blue, and expose while quite wet to the sun and air. It will probably not be necessary to repeat the treatment, and each repeated washing will whiten them more and more.

To Dry-Clean Curtains.
To dry-clean fine lace curtains at home, shake curtains thoroughly to remove dust; fold a clean sheet once across, spread it upon the floor and place the curtain upon it. Mix together corn meal and powdered borax, one teaspoonful of borax to one pint of corn meal. Sprinkle generously over first curtain, lay another curtain upon it, proceed as before and continue until you have sprinkled the mixture on all the curtains to be cleaned.

When all are done and there is a last layer of the mixture on top, begin at the end of the sheet and roll up tightly. Lay away the bundle for ten days, at the end of which time, if removed and carefully shaken, the curtains will be found beautifully cleansed. If there are wrinkles they may be pressed out with a hot iron.

Recipe for Cottage Cheese.
Place sour milk in vessel on back of stove and let it warm gradually. Take care that the milk does not become hot, as this will make the curd tough and hard to digest. When the curd is separated from the whey—a process hastened by the application of heat—pour into a bag and let drip until the whey is removed. Turn curd into a dish, season to suit taste with salt and pepper, mold into little balls or pats, or stir with a fork, then pile lightly on dish. A little cream may be added to the curd along with the seasoning.

Recipe Book.
For the housekeeper there is a cloth-bound blank book with indexed edges, planned for recipes. It is priced at 75 cents, and just at this season, when one is newly opening up one's home and gathering all odds and ends together, it will undoubtedly prove of much use, for old recipes may be copied into it and clippings pasted in, and many odds and ends of paper so cleared out.

Almond Cookies.
One egg, one tablespoon powdered sugar, one tablespoon of flour, one tablespoon of butter. Mix at once. Stir on pan with knife very thin. Cut fine stripes of almond; sprinkle on top of cookies. Cut out with fork cutter. Bake in moderate oven.

Prune Salad.
Soak prunes over night and cook until tender. Drain the juice from them and cut the fruit into shreds. Arrange on a lettuce leaf, sprinkle with pecan meats and cover with cream dressing.

MOCK SALAD EASILY MADE

Cook Enthusiastic Over Dish That Should Be Good and Is by No Means Costly.

Any kind of meat may be used. I used roast beef. The recipe makes four large cups: One pint of lean meat, chopped or cut in very small pieces. Season with a level teaspoon of salt, a saltspoon of pepper and a scant teaspoon of sage. Mix thoroughly. Put half a cup of milk in a saucepan; add two tablespoons of dried bread crumbs and cook until smooth. Remove from fire. Add two tablespoons butter and two well beaten eggs. Then add the meat to the bread mixture. When well mixed fill greased custard cups, stand them in a shallow pan of boiling water, covered with greased paper and bake about half an hour in a moderate oven. Earlier in the day make some tomato sauce: one can of tomatoes, two or three onions (if you care for onions), salt and pepper. Cook slowly until the onions are soft. When ready to serve place a generous amount of the sauce upon each plate and turn one of the cups upside down in the center of the sauce. Have the sauce cold and the cup mixture hot. This may sound troublesome, but it is quickly and easily made.—Boston Globe.

NOVELTY IN TABLE COVERS

Of Tapestry Edged With Metal Galloon They Are an Effective Or-nament.

Extremely effective are the covers for the table in the library or living room made of tapestry, edged with the metal galloon. The shops offer the wool, or wool and silk tapestry, in unusually handsome combinations of colors. Some tapestries have the metal threads woven into the designs, this being the case especially with the changeable effects. The cover is cut to fit the top exactly or may be made in the form of a long runner hanging well over the ends or sides of the table; or, in some cases, it is made square, hanging down on all four sides.

A banding of the galloon finishes the edge and sometimes a second band, paralleling this a few inches from the edge, is used.

A cover of this sort is not only artistic, but has remarkable wearing qualities.

It may be said in passing that short lengths of the tapestry are often to be found at much under regulation price. Agents' samples are especially well adapted to covers of this sort.

Chocolate Fritters.

One-half cup flour, one teaspoon cream of tartar sifted with the flour, two teaspoons sugar, two tablespoons of milk, one egg, one large teaspoon of cocoa or chocolate, a pinch of salt. Cook in deep fat. Serve with vanilla sauce. Enough for family of three.

Vanilla Sauce.—One cup sugar, half teaspoon of cornstarch; mix in the sugar dry, then add half a cup of boiling water, a little at a time. Let it boil five minutes until it looks like sirup, then add the yolk of one egg well beaten, and piece of butter size of walnut. Whip all together well, then add half a teaspoonful of vanilla. Do not boil after the egg is added.

Baked Apples With Icing.

Wash, pare and core as many large apples as are required. Fill the apples with two teaspoonfuls of dried currants, one-quarter teaspoonful of ground cinnamon, one level teaspoonful of butter. Bake them until they are cooked. Let the apples cool and remove them to another dish, ice the tops and sides with any kind of cake icing and put them back into the oven and brown them slightly. After taking them out of the oven place a candied cherry on top of each apple. Serve them with cream.

Good Stove Lining.

A good stove lining, one that will last two years or more, can be made from blue clay. Brick clay, or one that does not contain much sand, is good, also. Clay found in salt water marshes is one of the best for stove linings. The clay must be reduced to a paste, about like putty. The bed for lining should be brushed clean and moistened before the clay is applied. Put on with hands, smooth with a trowel or thin piece of board.—Home Department, National Magazine.

To Make an Asbestos Mat.

An asbestos pad for the table may be made in this way: Get enough asbestos paper to cover the table with double thickness. From a couple of old sheets cut two pieces the size of the table. Baste the asbestos paper between them and quilt it on the sewing machine, using a long stitch. This is necessary, as the paper tears and pulls apart easily. Put this pad on the table under your silence cloth and there will be no marks made on the polished surface by hot dishes.

Celery Toast.

Cut tender stalks of celery into thin slices and cook in salted water till tender. Use but little water, letting it cook slowly so that there is but little left when the celery is done. Add sufficient cream or rich milk to almost cover, season with salt and a dash of cayenne and add sufficient flour moistened in a little cold milk to make a thick, creamy sauce. Put over rounds of buttered toast and serve at once.

Lemon Juice.

It is surprising how much more juice you can get from the heated lemon. Place the lemon in a heated oven, and it will yield more juice than one that is squeezed when cold.

Mrs. Powell Almost Dead

Dry Ridge, Ky.—"I could hardly walk across the room," says Mrs. Lydia Powell, of Dry Ridge, "before I tried Cardui. I was so poorly, I was almost dead. Now I can walk four miles and do my work with much more ease. I praise Cardui for my wonderful cure." Cardui is successful in benefiting sick women, because it is composed of ingredients, that act specifically on the womanly constitution, relieving headache, backache, irregularity, misery and distress. Only a good medicine could show such continual increase in popularity as Cardui has, for the past 50 years. Try Cardui the woman's tonic. Advertisement.

His Version.

At an examination held in a junior school a composition on cats was set. One young hopeful wrote the following: "Cats that's made for little boys and girls to maul is called 'Maltese' cats. Some cats are known by their queer purr; these are called 'Purrsian' cats. Others with very bad tempers are known as 'Angorie' cats. Cats with deep feelings are called 'Peline' cats. Very fine cats are called 'Magnificats'."

THE THRICE-A-WEEK EDITION OF THE NEW YORK WORLD

Practically a Daily at the Price of a Weekly.

No Other Newspaper in the World Gives So Much at So Low a Price.

This is a time of great events and you will want the news accurately and promptly. The Democrats, for the first time in sixteen years, will have the Presidency and they will also control both branches of Congress. The political news is sure to be of the most absorbing interest.

There is a great war in the Old World, and you may read of the extinction of the vast Turkish Empire in Europe, just as a few years ago you read how Spain lost her last foot of soil in America, after having ruled the empire of half the New World.

The World long since established a record for impartiality, and anybody can afford its Thrice-a-Week edition, which comes every other day in the week, except Sunday. It will be of particular value to you now. The Thrice-a-Week World also abounds in other strong features, serial stories, humor, markets, cartoons; in fact, everything that is to be found in a first class daily.

THE THRICE-A-WEEK WORLD'S regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and the Hopkinsville Kentuckian together for one year for \$2.65.

The regular subscription price of the two papers is \$3.00.

Tobacco On Local Market Grown In North Christian.

Tobacco on the Hopkinsville market took a jump that tickled the North Christian farmer all over. One of the loose floor houses established a record by selling a truck of the weed at \$11 per hundred. Another truck was just 25 cents lower, bringing \$10.75 per hundred.

Tobacco has been coming in from every direction this week and the market may be said to be fairly open now. Wednesday two loads arrived about noon from Muhlenberg county. The men bringing it here left their homes at 4 o'clock in the morning. It is the small growers mostly that are putting their product in the loose floor dealers' hands, but the larger growers are now marketing their crops and in a few days, with favorable weather conditions the Imperial, the American Snuff Co., and other heavy purchasers will have all they can do to receive the weed as fast as it comes in. Already the wagons are arriving at all times of the day and it is a common thing to again see the teamsters making their way to the stables to have their animals cared for until they can get their wagons unloaded the next day.

IN BURLEY DISTRICT— AT MT. STARLING

The market was active with offerings of better quality. There was considerable tobacco in too high order. Over 153,000 lbs. were sold at a general average of \$14.53. Prices were higher on all grades and arranged from 4cts. to 31 cents.

AT LEXINGTON

600,000 pounds were sold Wednesday, ranging from \$4 to \$39. One good crop of red from Bourbon county average \$21.50. There are now probably 3,500,000 pounds in the warehouses and receipts are increasing daily.

AT RICHMOND

A crop of 3,750 pounds, raised in Garrard county, was sold Wednesday at an average of \$31.92. The total sales were 250,000 pounds at a net average of 18 cents.

AT CARLISLE

The market was very strong. The best crop averaged \$22.02 per hundred. About 225,000 pounds were sold at a price ranging from \$1 to \$36 per hundred.

AT MAYSVILLE

The loose floor sales amounted to over 240,000 pounds, at prices ranging from \$2 to \$36. The market was active and strong but offerings were inferior.

TEA TABLE EQUIPAGE

MANY AND VARIED ARE THE PRETTY THINGS OFFERED.

Modern Hostess Should Have No Trouble in Securing Perfect Appointments—Designers Certainly Have Done Their Best.

To almost every woman the tea table is a matter of especial pride, and to have her tea table equipped with the most charming furnishings or with novel and amusing ones is one of the great ambitions of her domestic life. There are so many attractive articles for the tea table that it is indeed difficult to choose among them, and there are so many attractive styles of furnishing it that almost all women have pangs of regret when they select one style only to find after several articles have been purchased that there are so many pretty things to be bought in quite a different style that will not at all accord with what they have already purchased.

For the Colonial tea table there is a wonderful old Revere silver. Of course only the woman of great wealth can hope to obtain original pieces of this silver, but copies of it are made by modern silversmiths. The silver made by hand, with its wonderful color that no machine made pieces can attain, is the desire of all women who really are connoisseurs in the equipment of a tea table.

Then there is the Colonial china in its many quaint designs and adorable shapes, all of it expensive, but so delightful that it is well worth the investment. And the glass for such a tea table should be the fine old cut glass, just a little cut, not heavy and glaring like the modern pieces.

If one wants to have a tea table in the English style there is some new china in the old Chelsea pattern, white with black bands, on which there are rose garland decorations. This china harmonizes with the painted furniture and the black ground chintzes and brocades that are now so fashionable. With it the Sheffield plate pieces are in perfect accord.

And the Dresden tea table, with its quaint little pieces so full of color, so charming in design! And the silver—wonderful little hand made pieces, delicately carved and brought over a few at a time, perhaps as the souvenirs of happy summers spent in European travel.

Lemon Bread Pudding.

One cup of bread crumbs wet with two cups boiling water. Let stand a little while. Add one-half cup sugar, grated rind of one lemon, piece of butter, salt and beaten yolks of two eggs. Bake rather slowly. When cold frost with frosting made of two beaten eggs (whites), one-half cup sugar, juice of whole lemon; if large, juice of one-half lemon. We do not care for this quite so sweet, but this is the way the rule reads. Brown the frosting in the oven or not, as you like. This can be made with milk, but you would really not know the difference when it is done.

Custion Cake.

One cup sugar, one-half cup butter, two eggs, well beaten all together. Add one-half cup sweet milk with two-thirds teaspoon soda dissolved in it; then two cups of flour in which is sifted one teaspoon of cream of tartar. Divide the batter. In one-half add two tablespoons molasses, one-fourth teaspoon cloves, same of nutmeg and cassia, one cup of raisins. Put dark cake in tin and bake 20 minutes; then remove from oven carefully and spread the light part on top carefully and bake 20 minutes longer.

Peanut Cookies.

Beat with a cream four tablespoonfuls of butter and half a cupful of sugar, add two well-beaten eggs, four tablespoonfuls of milk, one cupful of flour, one teaspoonful of baking powder, one teaspoonful of essence of lemon or vanilla and one cupful of finely chopped peanuts. Drop from the point of a teaspoon on to buttered paper, leaving a good margin around each to prevent running together. Stick a split peanut on top of each cookie and bake in a medium oven.

Banana Cream Pie.

Line plate with crust and bake in hot oven, then cover with thin slices of banana (two will do nicely for one pie), then fill with a custard made with two cups of milk, two tablespoons of flour, yolks of two eggs, one teaspoon of vanilla. Cook in double boiler until thick, adding extract as you remove from fire. Pour over the bananas. Use the stiffly beaten whites for the meringue, and put in oven just long enough to brown nicely.

Filet of Beef en Casserole.

Cut a three-pound filet in slices one and a half inches thick. Tie each with cord; dust with salt and pepper. Put in an earthen casserole two tablespoonfuls of butter; when it is hot put in the filets and cook five minutes on each side. Remove and cut off twine. Put in the casserole two tablespoonfuls of browned bread crumbs and two of chopped pickles and parsley. Stir and add butter. Put the filets back for a minute. Serve at once.

Appetizer Harts Dale.

On a nest of shredded lettuce place one large slice of raw tomato crossed with four strips of anchovies in oil enroled in strips; sprinkle over the anchovy, which are stripped on top of the tomato, fine chopped eggs and a spoonful of French dressing. Serve on individual plates instead of casseroles.
